Procedures

Awareness raising

- Our induction training for staff and volunteers includes a clear explanation of health and safety issues, so that all adults are able to adhere to our policy and procedures as they understand their shared responsibility for health and safety. The induction training covers matters of employee well-being, including safe lifting and the storage of potentially dangerous substances.
- We keep records of these induction training sessions and new staff and volunteers are asked to sign the records to confirm that they have taken part.
